

**A commitment to create an organic future together
by helping farmers transition to organic.**

Organic Contract Language

Certification Requirement

Seller shall supply Buyer with a copy of their current Organic Certificate for the Organic Malting Barley production, as defined in the National Organic Program of the USDA, for the crop year being delivered. Buyer will not be obligated to accept any Organic Malting Barley without a current Organic Certificate pursuant to the National Organic Program of the USDA.

Certified Seed

All acreage under this Agreement must be seeded with Certified Seed as defined in and which conforms to the USDA's National Organic Program.

Transitional Organic Contract Language

Certification Requirement

Seller shall comply with all requirements of the National Organic Program of the USDA during the crop year being delivered. If Seller does not deliver Organic Malting Barley, as defined in the National Organic Program of the USDA, from this acreage within three years of delivery on this Transitional Organic Contract, Seller must refund the transitional organic premium within 30 days of written notice from Buyer.

Certified Seed

All acreage under this Agreement must be seeded with Certified Seed as defined in and which conforms to the USDA's National Organic Program.
